ANNUAL FINANCIAL STATEMENTS FOR THE YEAR ENDED 28 FEBRUARY 2025**

**Directors' Responsibilities and Approval**

The directors are required by the Companies Act No. 71 of 2008, to maintain adequate accounting records and are responsible for the content and integrity of the annual financial statements and related financial information included in this report. It is their responsibility to ensure that the annual financial statements fairly present the state of affairs of the company as at the end of the financial year and the results of its operations and cash flows for the period then ended, in conformity with the International Financial Reporting Standard for Small and Medium-sized Entities. The external auditors are engaged to express an independent opinion on the annual financial statements.

The annual financial statements are prepared in accordance with the International Financial Reporting Standard for Small and Medium-sized Entities and are based upon appropriate accounting policies consistently applied and supported by reasonable and prudent judgements and estimates.

The directors acknowledge that they are ultimately responsible for the system of internal financial control established by the company and place considerable importance on maintaining a strong control environment. To enable the directors to meet these responsibilities, the directors set standards for internal control aimed at reducing the risk of error or loss in a cost effective manner. The standards include the proper delegation of responsibilities within a clearly defined framework, effective accounting procedures and adequate segregation of duties to ensure an acceptable level of risk. These controls are monitored throughout the company and all employees are required to maintain the highest ethical standards in ensuring the company's business is conducted in a manner that in all reasonable circumstances is above reproach. The focus of risk management in the company is on identifying, assessing, managing and monitoring all known forms of risk across the company. While operating risk cannot be fully eliminated, the company endeavours to minimise it by ensuring that appropriate infrastructure, controls, systems and ethical behaviour are applied and managed within predetermined procedures and constraints.

The directors are of the opinion, based on the information and explanations given by management, that the system of internal control provides reasonable assurance that the financial records may be relied on for the preparation of the annual financial statements. However, any system of internal financial control can provide only reasonable, and not absolute, assurance against material misstatement or loss.

The directors have reviewed the company's cash flow forecast for the year to 28 February 2026 and, in the light of this review and the current financial position, they are satisfied that the company has or has access to adequate resources to continue in operational existence for the foreseeable future.

The external auditors are responsible for independently auditing and reporting on the company's annual financial statements. The annual financial statements have been examined by the company's external auditors and their report is presented on page 5 - 6.

The annual financial statements set out on pages 7 to 22, which have been prepared on the going concern basis, were approved by the directors on 10 December 2025 and were signed on their behalf by:

PD Kilpin

KM Bradley

**ELGIN FRUITGROWERS PROPRIETARY LIMITED  
(REGISTRATION NUMBER: 2007/012074/07)  
ANNUAL FINANCIAL STATEMENTS FOR THE YEAR ENDED 28 FEBRUARY 2025**

**Directors' Report**

The directors have pleasure in submitting their report on the annual financial statements of Elgin Fruitgrowers Proprietary Limited for the year ended 28 February 2025.

**1. Review of financial results and activities**

The annual financial statements have been prepared in accordance with International Financial Reporting Standard for Small and Medium-sized Entities and the requirements of the Companies Act No. 71 of 2008. The accounting policies have been applied consistently compared to the prior year.

Full details of the financial position, results of operations and cash flows of the company are set out in these annual financial statements.

**2. Auditors**

Gryphon Auditors Western Cape Incorporated continued in office as auditors for the company for 2025.

**3. Share capital**

There have been no changes to the authorised or issued share capital during the year under review.

**4. Dividends**

The directors do not recommend the declaration of a dividend for the year.

**5. Directors**

The directors in office at the date of this report are as follows:

**Directors**

PD Kilpin	Chairperson
KM Bradley	Vice Chairperson
DGA Mudge	
AJM Smith	

There have been no changes to the directorate for the period under review.

**6. Property, plant and equipment**

There was no change in the nature of the property, plant and equipment of the company or in the policy regarding their use.

**7. Special resolutions**

No special resolutions, the nature of which might be significant to the shareholders in their appreciation of the state of affairs of the company were made by the company during the period covered by this report.

**8. Events after the reporting period**

The directors are not aware of any material event which occurred after the reporting date and up to the date of this report.

**9. Liquidity and solvency**

The directors have performed the required liquidity and solvency tests required by the Companies Act No. 71 of 2008.

**10. Date of authorisation for issue of annual financial statements**

The annual financial statements have been authorised for issue by the directors on 10 December 2025. No authority was given to anyone to amend the annual financial statements after the date of issue.

## Independent Auditor's Report

---

### To the Shareholders of Elgin Fruitgrowers Proprietary Limited

#### Opinion

We have audited the annual financial statements of Elgin Fruitgrowers Proprietary Limited (the company) set out on pages 7 to 22, which comprise the statement of financial position as at 28 February 2025, statement of comprehensive income, statement of changes in equity and statement of cash flows for the year then ended, and the notes to the annual financial statements, including a summary of significant accounting policies.

In our opinion, the annual financial statements present fairly, in all material respects, the financial position of Elgin Fruitgrowers Proprietary Limited as at 28 February 2025, and its financial performance and cash flows for the year then ended in accordance with the International Financial Reporting Standard for Small and Medium-sized Entities and the requirements of the Companies Act No. 71 of 2008.

#### Basis for Opinion

We conducted our audit in accordance with International Standards on Auditing. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Annual Financial Statements section of our report. We are independent of the company in accordance with the Independent Regulatory Board for Auditors' Code of Professional Conduct for Registered Auditors (IRBA Code) and other independence requirements applicable to performing audits of annual financial statements in South Africa. We have fulfilled our other ethical responsibilities in accordance with the IRBA Code and in accordance with other ethical requirements applicable to performing audits in South Africa. The IRBA Code is consistent with the corresponding sections of the International Ethics Standards Board for Accountants' International Code of Ethics for Professional Accountants (including International Independence Standards). We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

#### Other Information

The directors are responsible for the other information. The other information comprises the information included in the document titled "Elgin Fruitgrowers Proprietary Limited annual financial statements for the year ended 28 February 2025", which includes the Directors' Report as required by the Companies Act No. 71 of 2008 and the supplementary information as set out on pages 23 to 24. The other information does not include the annual financial statements and our auditor's report thereon.

Our opinion on the annual financial statements does not cover the other information and we do not express an audit opinion or any form of assurance conclusion thereon.

In connection with our audit of the annual financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the annual financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

## Independent Auditor's Report

### Responsibilities of the Directors for the Annual Financial Statements

The directors are responsible for the preparation and fair presentation of the annual financial statements in accordance with the International Financial Reporting Standard for Small and Medium-sized Entities and the requirements of the Companies Act No. 71 of 2008, and for such internal control as the directors determine is necessary to enable the preparation of annual financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the annual financial statements, the directors are responsible for assessing the company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the company or to cease operations, or have no realistic alternative but to do so.

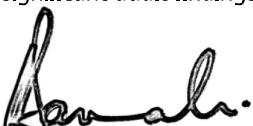

### Auditor's Responsibilities for the Audit of the Annual Financial Statements

Our objectives are to obtain reasonable assurance about whether the annual financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with International Standards on Auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these annual financial statements.

As part of an audit in accordance with International Standards on Auditing, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the annual financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the directors.
- Conclude on the appropriateness of the directors' use of the going concern basis of accounting and based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the annual financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the annual financial statements, including the disclosures, and whether the annual financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

**ELGIN FRUITGROWERS PROPRIETARY LIMITED  
(REGISTRATION NUMBER: 2007/012074/07)  
ANNUAL FINANCIAL STATEMENTS FOR THE YEAR ENDED 28 FEBRUARY 2025**

**Accounting Policies**

**1. Basis of preparation and summary of significant accounting policies**

The annual financial statements have been prepared on a going concern basis in accordance with the International Financial Reporting Standard for Small and Medium-sized Entities, and the Companies Act No. 71 of 2008. The annual financial statements have been prepared on the historical cost basis, and incorporate the principal accounting policies set out below. They are presented in South African Rands.

These accounting policies are consistent with the previous period.

**1.1 Significant judgements and sources of estimation uncertainty**

**Critical judgements in applying accounting policies**

Management did not make critical judgements in the application of accounting policies, apart from those involving estimations, which would significantly affect the annual financial statements.

**Key sources of estimation uncertainty**

The financial statements do not include assets or liabilities whose carrying amounts were determined based on estimations for which there is a significant risk of material adjustments in the following financial year as a result of the key estimation assumptions.

**1.2 Investment property**

Investment property is land and buildings held to earn rentals or for capital appreciation or both, rather than for use in the production or supply of goods or services or for administrative purposes; or for sale in the ordinary course of business.

Investment property is initially measured at cost and subsequently at fair value with changes in fair value recognised in profit or loss. If the fair value of investment property cannot be measured reliably without undue cost or effort, then it is measured at cost less accumulated depreciation and accumulated impairment.

The cost of investment property comprises its purchase price and any directly attributable costs incurred to bring the asset to the location and condition necessary for it to be capable of operating in the manner intended by management.

Costs include costs incurred initially to acquire or construct an investment property and costs incurred subsequently to add to or replace part of it. If a replacement cost is recognised in the carrying amount of an item of investment property, the carrying amount of the replaced item is derecognised.

The fair value is determined annually by the directors and every five years by an external valuator derived from current market prices of comparable real estate.

**1.3 Property, plant and equipment**

Property, plant and equipment are tangible assets which the company holds for its own use or for rental to others and which are expected to be used for more than one period.

Property, plant and equipment is initially measured at cost.

Cost includes costs incurred initially to acquire or construct an item of property, plant and equipment and costs incurred subsequently to add to, replace part of, or service it. If a replacement cost is recognised in the carrying amount of an item of property, plant and equipment, the carrying amount of the replaced part is derecognised.

Expenditure incurred subsequently for major services, additions to or replacements of parts of property, plant and equipment are capitalised if it is probable that future economic benefits associated with the expenditure will flow to the company and the cost can be measured reliably. Day to day servicing costs are included in profit or loss in the period in which they are incurred.

Property, plant and equipment is subsequently stated at cost less accumulated depreciation and any accumulated impairment losses, except for land which is stated at cost less any accumulated impairment losses.

**ELGIN FRUITGROWERS PROPRIETARY LIMITED  
(REGISTRATION NUMBER: 2007/012074/07)  
ANNUAL FINANCIAL STATEMENTS FOR THE YEAR ENDED 28 FEBRUARY 2025**

**Accounting Policies**

**1.3 Property, plant and equipment (continued)**

Depreciation of an asset commences when the asset is available for use as intended by management. Depreciation is charged to write off the asset's carrying amount over its estimated useful life to its estimated residual value, using a method that best reflects the pattern in which the asset's economic benefits are consumed by the company.

The useful lives of items of property, plant and equipment have been assessed as follows:

<b>Item</b>	<b>Depreciation method</b>	<b>Average useful life</b>
Plant and machinery	Straight line	5 years
Furniture and fixtures	Straight line	6 years
Motor vehicles	Straight line	5 years

When indicators are present that the useful lives and residual values of items of property, plant and equipment have changed since the most recent annual reporting date, they are reassessed. Any changes are accounted for prospectively as a change in accounting estimate.

Impairment tests are performed on property, plant and equipment when there is an indicator that they may be impaired. When the carrying amount of an item of property, plant and equipment is assessed to be higher than the estimated recoverable amount, an impairment loss is recognised immediately in profit or loss to bring the carrying amount in line with the recoverable amount.

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected from its continued use or disposal. Any gain or loss arising from the derecognition of an item of property, plant and equipment, determined as the difference between the net disposal proceeds, if any, and the carrying amount of the item, is included in profit or loss when the item is derecognised.

**1.4 Financial instruments**

**Initial measurement**

Financial instruments are initially measured at the transaction price (including transaction costs except in the initial measurement of financial assets and liabilities that are measured at fair value through profit or loss) unless the arrangement constitutes, in effect, a financing transaction in which case it is measured at the present value of the future payments discounted at a market rate of interest for a similar debt instrument.

**Financial instruments at amortised cost**

These include loans, trade receivables and trade payables. They are subsequently measured at amortised cost using the effective interest method. Debt instruments which are classified as current assets or current liabilities are measured at the undiscounted amount of the cash expected to be received or paid, unless the arrangement effectively constitutes a financing transaction.

At each reporting date, the carrying amounts of assets held in this category are reviewed to determine whether there is any objective evidence of impairment. If there is objective evidence, the recoverable amount is estimated and compared with the carrying amount. If the estimated recoverable amount is lower, the carrying amount is reduced to its estimated recoverable amount, and an impairment loss is recognised immediately in profit or loss.

**Financial instruments at cost**

Equity instruments that are not publicly traded and whose fair value cannot otherwise be measured reliably without undue cost or effort are measured at cost less impairment.

**ELGIN FRUITGROWERS PROPRIETARY LIMITED  
(REGISTRATION NUMBER: 2007/012074/07)  
ANNUAL FINANCIAL STATEMENTS FOR THE YEAR ENDED 28 FEBRUARY 2025**

**Accounting Policies**

**1.4 Financial instruments (continued)**

**Financial instruments at fair value**

All other financial instruments, including equity instruments that are publicly traded or whose fair value can otherwise be measured reliably, without undue cost or effort, are measured at fair value through profit or loss.

If a reliable measure of fair value is no longer available without undue cost or effort, then the fair value at the last date that such a reliable measure was available is treated as the cost of the instrument. The instrument is then measured at cost less impairment until management are able to measure fair value without undue cost or effort.

**1.5 Tax**

**Current tax assets and liabilities**

Current tax for current and prior periods is, to the extent unpaid, recognised as a liability. If the amount already paid in respect of current and prior periods exceeds the amount due for those periods, the excess is recognised as an asset.

The tax liability reflects the effect of the possible outcomes of a review by the tax authorities.

**Deferred tax assets and liabilities**

A deferred tax liability is recognised for all taxable temporary differences.

A deferred tax asset is recognised for all deductible temporary differences to the extent that it is probable that taxable profit will be available against which the deductible temporary difference can be utilised.

Deferred tax asset is recognised for the carry forward of unused tax losses to the extent that it is probable that future taxable profit will be available against which the unused tax losses can be utilised.

When management assess the extent to which it is probable that taxable profit will be available against which potential deferred tax assets can be utilised, they take into consideration that the utilisation of assessed losses are limited to the greater of 80% of the taxable income or R1 million in the year of assessment.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply to the period when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

**Tax expenses**

Tax expense is recognised in the same component of total comprehensive income or equity as the transaction or other event that resulted in the tax expense.

**1.6 Leases**

A lease is classified as a finance lease if it transfers substantially all the risks and rewards incidental to ownership to the lessee. All other leases are operating leases.

**Finance leases – lessee**

Finance leases are recognised as assets and liabilities at amounts equal to the fair value of the leased property or, if lower, the present value of the minimum lease payments.

The lease payments are apportioned between the finance charge and the reduction of the outstanding liability using the effective interest method.

**ELGIN FRUITGROWERS PROPRIETARY LIMITED  
(REGISTRATION NUMBER: 2007/012074/07)  
ANNUAL FINANCIAL STATEMENTS FOR THE YEAR ENDED 28 FEBRUARY 2025**

**Accounting Policies**

**1.6 Leases (continued)**

**Operating leases - lessor**

Operating lease income is recognised as an income on a straight-line basis over the lease term unless:

- another systematic basis is representative of the time pattern of the benefit from the leased asset, even if the receipt of payments is not on that basis, or
- the payments are structured to increase in line with expected general inflation (based on published indexes or statistics) to compensate for the lessor's expected inflationary cost increases.

**1.7 Impairment of assets**

The company assesses at each reporting date whether there is any indication that property, plant and equipment or investment property on the cost model may be impaired.

If there is any such indication, the recoverable amount of any affected asset (or group of related assets) is estimated and compared with its carrying amount. If the estimated recoverable amount is lower, the carrying amount is reduced to its estimated recoverable amount, and an impairment loss is recognised immediately in profit or loss.

If an impairment loss subsequently reverses, the carrying amount of the asset (or group of related assets) is increased to the revised estimate of its recoverable amount, but not in excess of the amount that would have been determined had no impairment loss been recognised for the asset (or group of assets) in prior years. A reversal of impairment is recognised immediately in profit or loss.

**1.8 Employee benefits**

**Short-term employee benefits**

The cost of short-term employee benefits, (those payable within 12 months after the service is rendered, such as leave pay and sick leave, bonuses, and non-monetary benefits such as medical care), are recognised in the period in which the service is rendered and are not discounted.

**1.9 Provisions and contingencies**

Provisions are recognised when the company has an obligation at the reporting date as a result of a past event; it is probable that the company will be required to transfer economic benefits in settlement; and the amount of the obligation can be estimated reliably.

Provisions are measured at the present value of the amount expected to be required to settle the obligation using a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the obligation. The increase in the provision due to the passage of time is recognised as interest expense.

Provisions are not recognised for future operating losses.

**1.10 Revenue**

Revenue is recognised to the extent that the company has rendered services under an agreement provided the amount of revenue can be measured reliably and it is probable that economic benefits associated with the transaction will flow to the company. Revenue is measured at the fair value of the consideration received or receivable, excluding sales taxes and discounts.

Interest is recognised, in profit or loss, using the effective interest rate method.

Rental income is recognised on the accrual basis in accordance with substance of the relevant agreements.

**1.11 Borrowing costs**

Borrowing costs are recognised as an expense in the period in which they are incurred.

	<b>5,800,000</b>	<b>5,800,000</b>

**Details of valuation**

The effective date of the revaluations was 20 October 2024. Revaluations were performed by an independent valuer, Mr Lloyd Moore (Professional Associated Valuer 7719/0), of M & H Valuation Services. M & H Valuation Services are not connected to the company and have recent experience in the location and category of the investment property at fair value being valued.

The valuation was based on open market value for existing use.

The Company measures its investment property at fair value. Fair value is determined by an independent, professionally qualified valuer every five years, with interim assessments performed annually to identify significant changes in value. Gains or losses arising from changes in fair value are recognized in profit or loss in the period in which they arise.

	<b>395,587</b>	<b>512,812</b>

It is company policy to lease certain motor vehicles and equipment under finance leases.

The average lease term is 5 years (2024:5 years) and the average effective borrowing rate is 12% (2024: 13%).

Interest rates are linked to prime at the contract date. All leases have fixed repayments and no arrangements have been entered into for renewal clauses, purchase options, escalation clauses, contingent rent or subleases. There are no restrictions imposed by the leases.

The company's obligations under finance leases are secured by the leased assets. Refer note 2.
